The participation of your institution, your students and faculty in Intel® Unnati Catalyst is entirely voluntary. The personal data that we collect or use for this event will only be used for the purposes of this event and will only be kept for so long as necessary to achieve the event purposes. Intel may record videos or take photos during the event, or may request the same from your institution, for the purpose of using them in event related communication material, including on social media channels and the Intel® Unnati website. Intel approved suppliers assisting with the event may receive this personal data for the aforementioned purposes. For more information on how Intel manages your personal data see: <https://www.intel.com/content/www/us/en/privacy/intel-privacy-notice.html>
